

What is Honda Express Service?

A true Honda Service. A Service without compromise in 45 minutes or less, guaranteed.*

Honda Express Service has been designed using our Formula 1 pedigree.

As you may be aware, the Honda Formula 1 pit crew have approximately 10 seconds to change all four tyres, refuel and carry out quick maintenance before allowing the car to go back on to the track.

Similarly, authorised Honda Express Service dealerships use two hand-picked Honda factory trained technicians, plus a dedicated team leader, **to carry out a regular Honda maintenance service in significantly less time.** The expert team work simultaneously on different areas of your Honda using a precisely designed check sheet and set routine, **to maximise the service and minimise your waiting time.**
